AND ITS SUBSIDIARIES  
INTERIM FINANCIAL INFORMATION  
MARCH 31, 2025  
AND AUDITOR'S REPORT ON THE REVIEW  
OF INTERIM FINANCIAL INFORMATION

## AUDITOR'S REPORT ON THE REVIEW OF INTERIM FINANCIAL INFORMATION

To the Board of Directors of Harn Engineering Solutions Public Company Limited

I have reviewed the interim consolidated financial information of Harn Engineering Solutions Public Company Limited and its subsidiaries, and the interim separate financial information of Harn Engineering Solutions Public Company Limited. These comprise the consolidated and separate statements of financial position as at March 31, 2025, the consolidated and separate statements of comprehensive income for the three – month period then ended, changes in shareholders' equity, and cash flows for the three – month period then ended, and the condensed notes to the interim financial information. Management is responsible for the preparation and presentation of this interim consolidated and separate financial information in accordance with the Thai Accounting Standard 34, "Interim Financial Reporting". My responsibility is to express a conclusion on this interim consolidated and separate financial information based on my review.

### Scope of Review

I conducted my review in accordance with the Thai Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Thai Standards on Auditing and consequently does not enable me to obtain assurance that I would become aware of all significant matters that might be identified in an audit. Accordingly, I do not express an audit opinion.

### Conclusion

Based on my review, nothing has come to my attention that causes me to believe that the accompanying interim consolidated and separate financial information is not prepared, in all material respects, in accordance with the Thai Accounting Standard 34, "Interim Financial Reporting".

Other Matter

The consolidated and separate statement of financial position of Harn Engineering Solutions Public Company Limited and its subsidiaries as at December 31, 2024 presented for comparative purposes, was audited by another auditor in the same firm as myself, whose report dated on February 27, 2025, expressed an unqualified opinion.

The consolidated and separate statements of comprehensive income for the three – month period ended March 31, 2024, changes in shareholders' equity and cash flows for the three – month period then ended of Harn Engineering Solutions Public Company Limited and its subsidiaries, presented for comparative purposes, were reviewed by another auditor in the same firm as myself, whose report dated on May 13, 2024, stated that nothing had come to the auditor's attention that caused the auditor to believe that the accompanying consolidated and separate interim financial information was not prepared, in all material respects, in accordance with the Thai Accounting Standard 34, "Interim Financial Reporting".

## 1. BASIS FOR THE PREPARATION OF INTERIM FINANCIAL INFORMATION

These interim financial information are prepared in accordance with Accounting Standards Pronouncement No. 34: “ Interim financial reporting ”, whereby the Company chooses to present condensed interim financial information. However, additional line items are presented in the interim financial information to bring them into the full format similar to the annual financial statements.

The interim financial information are prepared to provide information in addition to those included in the latest annual financial statements. Accordingly, they focus on new activities, events and circumstances to avoid repetition of information previously reported. These interim financial information should, therefore, be read in conjunction with the financial statements for the year ended December 31, 2024.

This interim financial information has been prepared in the Thai language. Translations of this interim financial information into other languages must be consistent with the Thai version of the interim financial information.

### 1.1. Significant accounting policies

These interim financial information is prepared by using the same accounting policies and methods of computation as were used for the financial statements for the year ended December 31, 2024.

The revised financial reporting standards that are effective for financial statements for accounting periods beginning on or after January 1, 2025 do not have any significant impact on the Group's financial statements

### 1.2. Estimation

To prepare interim financial information management uses judgments, estimates and assumptions about their recognition and measurement of assets, liabilities, income and expenses. The actual results may differ from the judgments, estimates and assumptions made by management.

Use judgments, estimates and assumptions, including important sources used in the preparation of interim financial statements. The same as used in preparing the financial statements for the year ended December 31, 2024.

### 1.3. Basis of consolidation

The interim financial information included the financial statements of Harn Engineering Solutions Public Company Limited (“the Company”) and its subsidiary companies (“the Subsidiaries”) (collectively as “the Group”), using the same accounting principles as those applied in the consolidated financial statements for the year ended December 31, 2024. During the period, there were significant changes in the Group's structure as follows:

AS AT MARCH 31, 2025

Newly established subsidiary			Investment	Registered		
Parent Company	Subsidiary	Nature of business	Shareholding	Capital	Par Value	Amount

Harn Engineering Solutions PCL	Mollisa Co., Ltd.	Manufacturing and distribution of medical equipment and related accessories	100	30,000	100	3,000,000

## 2. RELATED PARTY TRANSACTIONS

During the period, the Group had significant business transactions with related persons or companies. Such business transactions are subject to commercial terms and criteria agreed between the Group and related persons or companies. There were no significant changes in the transfer pricing policy of transactions with related persons or companies.

Summaries significant business transactions with related persons or companies as follows:

Current contract assets are recognized from the revenue of fire protection system installation services in office buildings, residential buildings, factory buildings, power plants, and petrochemical industrial plants. The duration of the operations ranges from 6 months to 3 years, based on the progress of the work according to the contract. For invoicing to collect service fees as per the agreement or contract, most fire protection system installation contracts require an advance deposit before starting the work. The remaining amount is gradually invoiced in installments according to the progress of the work. However, issuing billing installments may depend on the customer's work acceptance process and milestone requirements, such as upon completion of the installation of the pump and firewater pipes or upon completion of the installation and testing of the automatic fire protection system.
